# BUILDING A BETTER TOMORROW

Innovative, Sustainable, and Reliable  
Solutions for a Better Tomorrow

## VISION

To be the ultimate one-stop solution, driving excellence, innovation, and sustainability. We aspire to transform possibilities into reality through cutting-edge technology, strong partnerships, and a commitment to a better future.

## MISSION

At SKA Group, we deliver high-quality, responsible, and sustainable solutions. We innovate, grow, and embrace change to create lasting value for our customers, communities, and the world. Our Group, Your Solutions.

# Governance Team

## Mr. Sunil Kumar Agrawal

A remarkable individual with a love for nature and a down-to-earth attitude, he is involved in business, social work, religion, politics, and family. His versatility and genuine desire to help others inspire those aiming to make a positive impact while staying humble.

## Mr. Anil Kumar Agrawal

A dedicated individual who values a friendly and harmonious work environment, he approaches his responsibilities with seriousness and diligence. He fosters teamwork, ensuring staff feel supported and valued. His genuine concern for others' well-being and reliability make him a trusted member of any organization, balancing friendliness with productivity.

## Mr. Sushil Agrawal

An exemplary individual known for dedication and a strong work ethic, he consistently strives for success. As a workaholic, he commits fully to his professional tasks, showcasing determination and focus. His entrepreneurial spirit makes him an invaluable asset to any team or organization.

# BUILDING THE FUTURE, TODAY.

## COMPANY OVERVIEW

- We are a leading Chhattisgarh-based contractor with regional and branch offices in all major cities in the state.
- We have a rich history of successfully completing prestigious and challenging projects at different locations in the state.
- We have extensive experience in major infrastructure projects in various areas, and we have a fleet of advanced equipment and a team of highly qualified and dedicated professionals.

## OUR PEOPLE

- Our group of civil and mechanical engineers, surveyors, skilled technicians, and mechanics work effectively to deliver outstanding results.
- We understand that completing projects on time is crucial, which is why we have a committed team of professionals who uphold high standards throughout every phase.
- Additionally, we employ modern techniques to ensure projects are finished within the established timeline.

## OUR EXPERTISE

- Through our experience in various fields of construction, we have built an impressive track record in different areas of infrastructure construction.
- This profile clearly demonstrates our expertise in the field of infrastructure construction.
- The company is promoted by a group of dedicated and experienced professionals with excellent skills in all the fields of infrastructure work.

## RECENT EXPANSION

- We have recently added two steel plants to our business portfolio.
- We manufacture TMT/CTD bars with an annual production capacity of 300,000 MT through the hot charging method.
- We have four 12 MT furnaces and four 10 MT furnaces.
- Both plants are located in Raipur (CG) in the industrial areas of Urla and Siltara.

# Our Services

## Road construction

SKA Group, with a deep understanding of market needs, shapes infrastructure and positively impacts the communities it serves.

## Civil Works

We construct government buildings, labor and housing colonies, industrial structures, culverts, bridges, dams, canals, and railway tracks.

## Mass earth excavation

We excavate large amounts of earth and rocks for canals, dams, and other development projects.

## Loading and transportation

We load and transport minerals, aggregates, and ores.

## Foundation Excavation, Earthwork & site grading

We have a skilled team that efficiently handles foundation excavation, earthwork, and site grading.

## Owning Lime Stone Lease

We own a limestone lease, which gives us access to a vast supply of limestone.

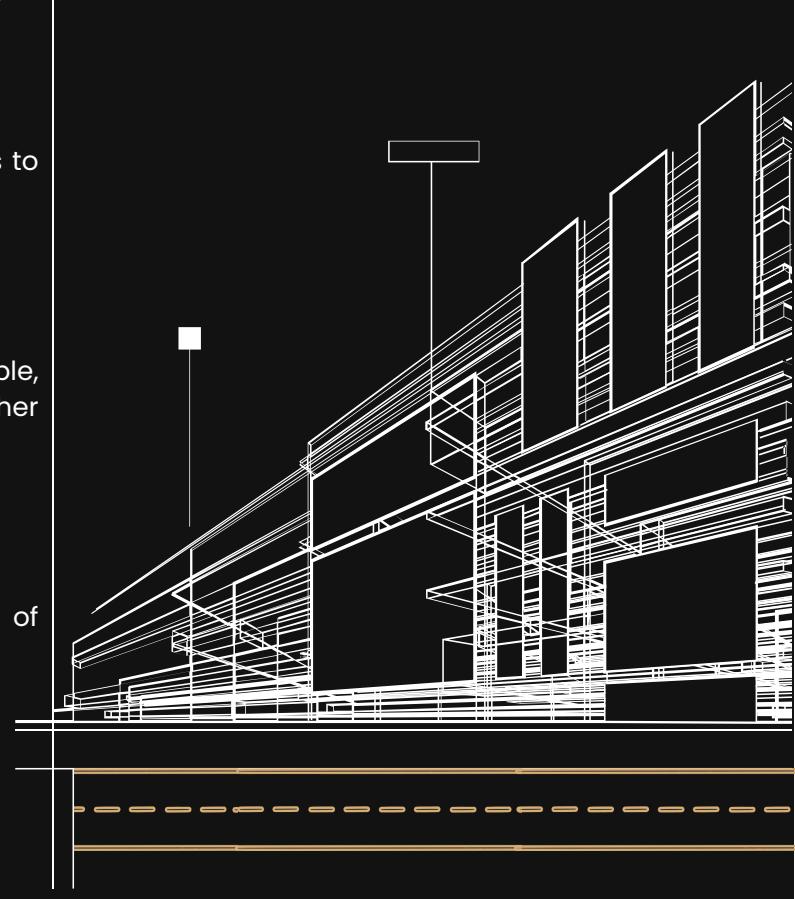

## Manufacturing of stone

We have a wide range of stone products available, including crushed stone, sand, gravel, and other aggregates.

## Dealing in Real Estate

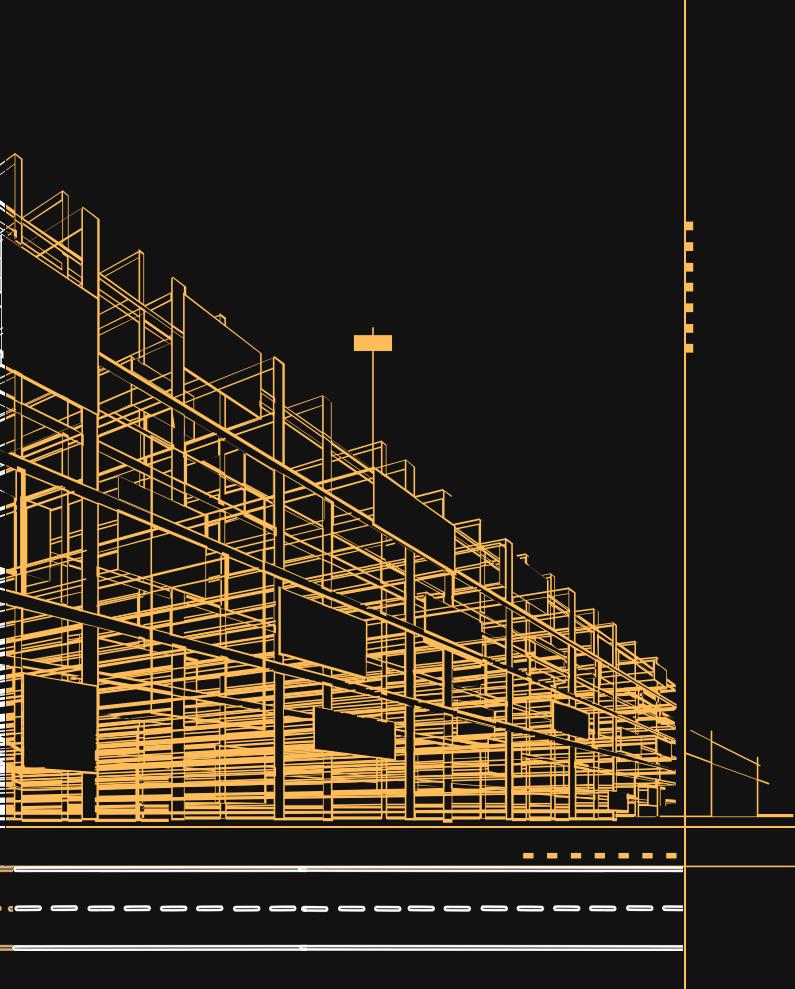

We deal in real estate and have a wide range of properties available.

Our expertise ensures seamless execution, quality craftsmanship, and innovative solutions tailored to your needs.

---

**We are committed to  
providing the best  
possible construction  
expertise & service to  
ensure cost effective and  
successful completion  
projects.**

Our clients and partners include some of the most prominent and well-established corporations as well as government agencies. Leveraging our collective experience, technical skills, and local insights, we are able to provide projects and services that benefit the community, enhance our economy, and support future generations.

# Our Featured Projects

## CM HOUSE

The construction of the CM house was completed with utmost success, reflecting the significance and importance of the structure. Detailed planning and skilled craftsmanship, were integral to the project, resulting in the creation of a distinguished and functional residence for the honorable Chief Minister.

# **SOUTH EAST CENTRAL RAILWAYS**

The construction of IIT Bhubaneswar was accomplished with great success, demonstrating careful planning, precise execution, and a dedication to fostering academic brilliance. The project's successful conclusion has yielded a cutting-edge educational establishment, poised to serve as a vibrant center for knowledge, innovation, and the cultivation of aspiring scientists and technologists.

# **RAJ BHAVAN**

The construction of the Raj Bhavan was a resounding success, exemplifying the highest standards of architectural excellence and craftsmanship. Meticulous planning, skilled labor, and unwavering attention to detail were instrumental in creating a majestic and iconic structure that embodies the dignity and significance associated with the Raj Bhavan.

## MINISTER'S BUNGALOW

The Minister's bungalow was built with exceptional precision and skill. This project required thorough planning, expert craftsmanship, and a keen eye for detail, leading to the successful creation of an impressive and functional home that reflects the dignity of a minister.

## KANKER MEDICAL COLLEGE

The development of Kanker Medical College represents a benchmark in healthcare infrastructure, highlighting exceptional architectural standards and practicality. It embodies careful planning and skilled craftsmanship, leading to a contemporary facility focused on medical education and patient care, with the goal of enhancing healthcare and training the next generation of medical professionals.
